○ CAR BUYING?

Make the Process Easy!

If you're in the market for a new car, this may be the most important box you can click on to have a better car buying experience. Located on the Financial Plus website, in the bottom right corner, this link will take you to AutoSMART from Financial Plus.

The Financial Plus AutoSMART site will take you through the whole car buying process, PLUS it will make it easy!

Step 1: Apply for a Loan

This is a great place to start. You'll find out quickly and easily how much you are approved for. This important first step will help you find the perfect car to fit your budget. Even if you aren't a member yet of Financial Plus, you can still use this link to apply for a loan.

Step 2: Shop for your Vehicle Online

You can have a stress-free shopping experience by searching for a particular car you are looking for or building your own. We have local dealer partners representing almost every make of vehicle you may be looking for.

With the Financial Plus AutoSMART Price Analysis you can easily see if the car you are looking at is a great price, fair price or even overpriced.

Step 3: Do Your Research

If you are looking at a new vehicle, you don't even have to leave the Financial Plus AutoSMART site to do research. You'll find overviews complete with trim options, colors, incentives, specs and more! And if it is a used model that you are thinking about, you'll find free CarFAX reports that will give you a history on that particular vehicle.

Step 4: Make a Deal with a Plus Dealer

At Financial Plus, you get something more. Even when buying a car, our AutoSMART site will highlight Plus Dealers who will provide you with transparent ratings from other car buyers, confidence in price and an overall stress free car buying process.

The Financial Plus AutoSMART link is truly a one stop place to shop, but if you do have questions along the way, our team of professional and expert lenders will be right there to answer them.

○ NEW DEBIT CARDS

Are Right Around the Corner

FPCU is excited to announce that we are in the final stages of testing for our new EMV chip enabled MasterCard® Debit Cards! EMV cards add an additional layer of protection to your purchases and protect you against fraud by making it extremely difficult for the card to be copied or counterfeited. The chip stores payment information required to authenticate, authorize, and process your transaction. It provides you extra security by encrypting your data when you use it at chip-enabled registers.

Assuming successful completion of our testing, we anticipate sending the new cards to current cardholders in May 2018. **Please Note:**

Your new card will have a **new card number and you will need to choose a PIN**. Instructions will be included with your card.

In addition to the security of EMV, our cards will also offer several digital wallets. Digital wallet offers a convenient and secure way to make purchases using a mobile device. With a quick tap of your phone, you can use your Financial Plus Credit

Union debit card to pay at over one million U.S. merchant locations that accept mobile payments. When you use one of the trusted solutions below, your payment information is never shared with merchants or stored on your device. More details will be provided on our website.
